The 421-a tax exemption and/or the payments credited to this property's real property tax account are being audited and the Department of Finance has determined that certain payments were incorrectly credited to this account. The Department of Finance will continue this audit to determine whether all or a portion of the 421-a tax exemption was incorrectly reinstated. As a result of this audit, the owner of this property may owe further back taxes.

If you own income-producing property, you must file a Real Property Income and Expense (RPIE) statement or a claim of exclusion by June 1, 2023, unless you are exempt by law. Visit www.nyc.gov/rpie for more information. Failure to file will result in penalties and interest, which will become a lien on your property if they go unpaid.

The West Village Business Improvement District (BID) became effective in July 2022. The BID assessment will help provide supplemental services and improvements to the BID district as provided in the law.
