This is your annual notice of property value, or NOPV. It is not a bill, and no payment is required. This notice will:

- Inform you of the assessed value of your property for tax year 2025-26, and tell you how to challenge it if you believe there is a mistake.
- Explain how property taxes are calculated.
- Provide an estimate of your property tax for tax year 2025-26.

Please keep a copy of this notice with your records. You may also view your NOPV and property tax bills online at [www.nyc.gov/nopv](http://www.nyc.gov/nopv).

### ESTIMATED 2025-26 PROPERTY TAX

We cannot calculate your 2025-26 property tax until the new tax rate is established by the city council. Until then, you will pay the 2024-25 rate. The table below estimates the amount you will owe by multiplying the taxable value of your property by the current tax rate of 12.500%. This table is provided for informational purposes only; the actual amount you owe may differ.

Please note that property tax abatements, including the co-op/condo abatement, are not included in this estimate. If you receive any abatements, they will be subtracted from your property taxes. Check your July tax bill for the value of any abatements you receive.

Year	Taxable Value		Tax Rate		Estimated Property Tax

## ABOUT YOUR PROPERTY TAXES

Property taxes are determined using a complex formula that takes into account many different amounts and calculations. Visit [www.nyc.gov/nopv](http://www.nyc.gov/nopv) for more information about property valuation and taxation.

The Department of Finance estimates that as of January 5, 2025, the market value for this property is \$14,728,000.

We estimate your property's market value using the income approach. Market value is determined by dividing the net operating income by the overall capitalization rate.

The following factors are used by the Department of Finance to determine market value:

Estimated Building Gross Square Footage: 58,321

Estimated Gross Income: \$2,515,499

Estimated Expenses: \$667,865

Net Operating Income: We subtract estimated expenses from estimated gross income, resulting in a net operating income of \$1,847,634.

Base capitalization rate: We used a capitalization rate of 6.92% which is the Department of Finance's estimate of the rate of return that an ordinary investor would expect on their investment in this type of property.

Overall capitalization rate: We add an effective tax rate of 5.625% to account for taxes due. Added together your overall capitalization rate is 12.545%.

Visit [www.nyc.gov/nopv](http://www.nyc.gov/nopv) for more information.

If you own income-producing property, you must file a Real Property Income and Expense (RPIE) statement or a claim of exclusion unless you are exempt by law. You must also file information about any ground or second floor commercial units on the premises, even if you are exempt from filing an RPIE statement. The deadline to file is June 2, 2025. Failure to file will result in penalties and interest, which will become a lien on your property if they go unpaid. Visit [www.nyc.gov/rpie](http://www.nyc.gov/rpie) for more information.

RPIE filers with a tentative actual assessed value of \$750,000 or greater will be required to file an addendum containing rent roll information for the tax year during which filing of the income and expense statement is required.

### How You Will Be Billed:

Property tax bills are mailed quarterly for properties with an assessed value of \$250,000 or less and semiannually for properties assessed at more than \$250,000. If you pay your property taxes through a bank, mortgage servicing company, or co-op board, you will not receive a bill from the Department of Finance unless you are responsible for other charges, such as sidewalk or emergency repair charges.

New York City offers tax breaks known as exemptions to seniors, veterans, clergy members, people with disabilities, and others. In addition to reducing your taxes, many exemptions can keep you out of the lien sale. See the enclosed sheet for more information about the lien sale.
