One City Built to Last, Compliance Notification

Compliance Notification - Greenhouse Gas Emission Reductions (Local Law 97/2019; amended by Local Law 147/2019)

Beginning on January 1, 2024, covered buildings will be required to meet annual emission limits. This property may be subject to Local Law 97 of 2019, which sets carbon emission limits or prescriptive requirements for buildings, with the first reports due in 2025. Please be aware of potential changes to your building's emission limits as a result of a requirement of the law that the Department of Buildings (DOB) set limits for the 2024-2029 compliance period using property types from the U.S. Environmental Protection Agency's Energy Star Portfolio Manager (ESPM) tool. More information regarding this change may be found at nyc.gov/dobghgemissions.
