**2024-25 Assessed Value:** \$18,918

**Your property tax exemptions:** None

See below for an estimate of your 2024-25 property tax.

### WHAT IS THIS NOTICE?

This is your annual notice of property value, or NOPV. It is not a bill, and no payment is required. This notice will:

- Inform you of the assessed value of your property for tax year 2024-25, and tell you how to challenge it if you believe there is a mistake.
- Explain how property taxes are calculated.
- Provide an estimate of your property tax for tax year 2024-25.

Please keep a copy of this notice with your records. You may also view your NOPV and property tax bills online at [www.nyc.gov/nopv](http://www.nyc.gov/nopv).

### ESTIMATED 2024-25 PROPERTY TAX

We cannot calculate your 2024-25 property tax until the new tax rate is established by the city council. Until then, you will pay the 2023-24 rate. The table below estimates the amount you will owe by multiplying the taxable value of your property by the current tax rate of 20.085%. This table is provided for informational purposes only; the actual amount you owe may differ.

Please note that property tax abatements, including the co-op/condo abatement, are not included in this estimate. If you receive any abatements, they will be subtracted from your property taxes. Check your July tax bill for the value of any abatements you receive. See page two for information about the importance of your property's "effective market value" in determining your property taxes.

Year	Taxable Value		Tax Rate		Estimated Property Tax
2024-25	\$18,918	x	0.20085	=	\$3,799.68

## ABOUT YOUR PROPERTY TAXES

Property taxes are determined using a complex formula that takes into account many different amounts and calculations. Visit [www.nyc.gov/nopv](http://www.nyc.gov/nopv) for more information about property valuation and taxation.

Your property belongs to one of four broad tax classes and a specific building class. Your property's tax class helps determine how the Department of Finance calculates what you must pay in property taxes.

The Department of Finance estimates your property's market value by examining prices of comparable properties and sales trends in similar neighborhoods. These properties are selected based on characteristics they have in common with your property.

Your property is a residential lot within a condominium. The Department of Finance estimates that as of January 5, 2024, your property's market value is \$432,149.

We estimate that as of January 5, 2024, the market value for all of the residential lots in your condominium building or development is \$40,299,004.

We then determine the market value of your lot by attributing a portion of the residential market value of the condominium to your lot.

The Department of Finance uses the gross square footage of the suffix to determine your value.

This is done by adjusting your percentage interest in the total building to reflect your interest in the residential portion only. Your percentage interest in the building is 1.072%. This percentage is multiplied by 1.000 because the total condominium interests are 100%, but the residential portion is 100.000% (100% / 100.000%).

The resulting percentage is multiplied by the total residential value in the building or development to determine the value of your lot.

For more information about condominium valuation, visit [www.nyc.gov/nopv](http://www.nyc.gov/nopv).

### How You Will Be Billed:

Property tax bills are mailed quarterly for properties with an assessed value of \$250,000 or less and semiannually for properties assessed at more than \$250,000. If you pay your property taxes through a bank, mortgage servicing company, or co-op board, you will not receive a bill from the Department of Finance unless you are responsible for other charges, such as sidewalk or emergency repair charges.

## WHAT TO DO IF YOU DISAGREE WITH THESE VALUES

Challenge Your Market Value with the Department of Finance	Challenge Your Assessed Value with the New York City Tax Commission
<p>If you believe the Department of Finance has made an error in determining your market value, you may submit a "Request for Review" form. The form is available at <a href="http://www.nyc.gov/nopv">www.nyc.gov/nopv</a>, or by calling 311.</p> <p>Many property owners consider requesting review of their market value in hopes of reducing their property tax. However, your property tax will not go down unless you can prove that the market value should be lower than the effective market value.</p> <p><b>Deadline: March 15, 2024</b></p>	<p>You have the right to challenge your assessed value by appealing to the New York City Tax Commission, an independent agency that is separate from the Department of Finance. The Tax Commission has the authority to reduce your property's assessed value, change its tax class, and adjust your tax exemptions. The Tax Commission cannot change your market value, property description, or building class.</p> <p>Your application must be received by the filing deadline. To access Tax Commission appeal forms, visit <a href="http://www.nyc.gov/taxcommission">www.nyc.gov/taxcommission</a>. You may also visit a Department of Finance business center (locations at <a href="http://www.nyc.gov/nopv">www.nyc.gov/nopv</a>). For more information, call 311.</p> <p><b>Deadline: March 15, 2024</b></p>

## WHAT'S CHANGED: COMPARING TAX YEARS 2023-24 AND 2024-25

	Current Year (2023-24)	Next Year (2024-25)	Change
<b>Market Value</b>	\$402,480	\$432,149	+\$29,669
<b>Assessment Percentage</b>	6%	6%	--
<b>Assessed Value</b>	\$17,850	\$18,918	+\$1,068
<b>Effective Market Value</b>	\$297,500	\$315,300	+\$17,800
<b>Exemption Value</b>	\$14,957	\$0	-\$14,957
<b>Taxable Value</b>	\$2,893	\$18,918	+\$16,025

- **Market value** is the Department of Finance's estimated value for your property.
- **Assessment percentage** is a fixed percentage of market value. For class 1 properties, it is 6%.
- **Assessed value** is calculated by multiplying your market value by the assessment percentage. Your assessed value is subject to caps which limit how much it can increase each year.
- **Effective market value** is calculated by dividing the assessed value by the assessment percentage.
- **Exemption value** is the amount of the reduction in your assessed value as a result of any property tax exemptions you receive.
- **Taxable value** is the assessed value minus the exemption value.

## HOMEOWNER TAX EXEMPTIONS

New York City offers tax breaks known as exemptions to seniors, veterans, clergy members, people with disabilities, and others. In addition to reducing your taxes, many exemptions can keep you out of the lien sale. See the enclosed sheet for more information about the lien sale.

**New in 2024!** Due to a change in state law, more seniors and people with disabilities may qualify for the Senior Citizen Homeowners' Exemption (SCHE) or Disabled Homeowners' Exemption (DHE)—even if you were previously denied on the basis of income. For details and to apply, visit [www.nyc.gov/nopv](http://www.nyc.gov/nopv) or call 311.

The deadline to apply for homeowner exemptions is March 15, 2024.

## CO-OP/CONDO TAX ABATEMENT

Owners of cooperative and condominium units can receive an abatement that will help them save money on their property taxes.

The unit(s) must be in an eligible building and must be the owner's primary residence.

More information about the abatement—including the application, the primary residency verification requirement, and the renewal process—is available at [www.nyc.gov/nopv](http://www.nyc.gov/nopv).

If you have questions or need additional information, contact the Department of Finance at [www.nyc.gov/contactcoopabat](http://www.nyc.gov/contactcoopabat), or call 311.
